MEMORANDUM FOR: DIRECTOR OF INTELLIGENCE, GSUSA
DEPARTMENT OF THE ARMY

SUBJECT: Article in CIA Weekly Summary of 27 May 1949,
entitled "Communism in French North Africa"

REFERENCE: Memorandum to Director of Central Intelligence,
12 July 1949, from Chief, Intelligence Group,
Intelligence Division, GSUSA, re subject,
CSGID-ID-13-319.26

1. In reply to reference memorandum, I take pleasure in forwarding the following requested information.
2. With regard to paragraphs 5 a. and b., a number of documents, some of which are cited in Appendix I, led CIA to its estimate of French Communist Party Policies.
3. With reference to paragraph 3 c., Appendix II sets forth most of the material on which was based the conclusion that "local Communist activity (was) designed to...incline the Nationalists to adopt a more active role."
4. The statement referred to in paragraph 3 d. was based on State Department Despatches #72 from Rabat of 16 December 1947 and #29 from Tunis of 23 January 1949.
5. In reply to the questions contained in paragraph 4, the term "Nationalist revolutionary movement" is used, for the sake of brevity, as the most appropriate collective label for the three extremist nationalist parties (Neo Destour, WILD, and Istiqlal) in French North Africa. Not capitalizing the term was believed to be sufficient safeguard to prevent readers from mistaking this "loosely coordinated" movement for a single party with "structure, command, and communications channels."

NOTE BASIC: Requested data of matr used for conclusions in
subject CIA Daily Summary.

6. The queried interpretations set forth in the CIA Weekly Summary of 27 May 1949 have been partly confirmed by State Department Weekly Summary, "Conference Review: North African Situation" of 29 June 1949, with further corroboration in the State Department Despatches #129-130 of 13 June 1949 on the findings of the North African Conference held at Tangier 6-10 June 1949. Additional corroboration of the statements noted in paragraphs 3 a. and b. of reference memorandum is contained in the speeches of Jacques Duclos at Tlemcen, Tidj-Sel-Abbes, and Algiers, etc., during his visit in May to Algeria on the occasion of the Fifth Algerian Communist Party Congress held at Oran, and material contained in Appendix III.

7. I welcome your inquiry regarding the conclusions reached in our Weekly Summary of 27 May 1949, as I am most anxious that our reports reflect the best estimates possible on the basis of information available in the Agency. Your documents will always be appreciated and I wish to assure you of our fullest cooperation always; please do not hesitate to have your staff discuss informally inquiries of this sort at the working level at any time.
